

NEW!

## Allen Bradley PanelView Plus 6

STERIS is now offering the new PanelView Plus 6 display which replaces the older Allen Bradley PanelView series. The new series offers several improvements over the older displays which are now discontinued and no longer serviceable.

STERIS Service can manage the proactive replacement of your display ensuring operational equivalency and minimal revalidation work. To avoid potential downtime, STERIS recommends that customers plan on upgrading their equipment to the new display immediately.

### Replacing your old display is easy with STERIS

- Unit specific design and testing to ensure operational equivalency,
- Program conversion minimizes revalidation requirements
- Customized qualification documentation and testing to meet your needs

Please see replacement guide on back.

For further questions please contact our Customer Service.

### PanelView Plus 6

- Replaces all PanelView Displays, which are now no longer serviceable
- Faster processor and a larger, higher resolution screen
- Enhanced functionality (Ethernet connectivity) in some applications

Call us today to discuss upgrading your display and receive a discounted amount off of your Special Service Quote!

(Discount is applicable until Dec.31, 2014)
