Account: 123456				
Alarm Detail: Serial Number: Serial-08				
Sequence Number	Product	Alarm Date	Alarm Time	Alarm Type
489	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	11:15:09	PIR Motion
490	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:08:17	PIR Motion
491	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:08:24	PIR Motion
492	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:08:31	PIR Motion
493	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:08:38	PIR Motion
494	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:08:45	PIR Motion
495	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:08:52	PIR Motion
496	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:08:59	PIR Motion
497	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:09:06	PIR Motion
498	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:09:13	PIR Motion
499	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:09:20	PIR Motion
500	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:09:27	PIR Motion
501	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:09:34	PIR Motion
502	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:09:41	PIR Motion
503	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:09:48	PIR Motion
504	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:09:55	PIR Motion
505	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:10:02	PIR Motion
506	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:10:09	PIR Motion
507	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:10:16	PIR Motion
508	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:10:23	PIR Motion
509	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:10:30	PIR Motion
510	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:10:37	PIR Motion
511	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:10:44	PIR Motion
512	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:10:51	PIR Motion
513	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:10:58	PIR Motion
514	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:11:05	PIR Motion
515	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:11:12	PIR Motion
516	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:11:19	PIR Motion
517	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:11:26	PIR Motion
518	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:11:33	PIR Motion
519	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:11:40	PIR Motion
520	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:11:47	PIR Motion
521	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:11:54	PIR Motion
522	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:12:01	PIR Motion
523	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:12:08	PIR Motion
524	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:12:15	PIR Motion
525	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:12:22	PIR Motion
526	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:12:29	PIR Motion
527	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:12:36	PIR Motion
528	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:12:43	PIR Motion
529	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:12:50	PIR Motion
530	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:12:57	PIR Motion
531	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:13:04	PIR Motion
532	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:13:11	PIR Motion
533	PIR Motion Sensor (Serial-07) 2P, 60V, AC, 50/60Hz	2/16/2018	1:13:18	PIR Motion
534	PIR Motion Sensor (Serial-07) 2P			

Equipment Performance Reports

Customer

Time is money.

What if you could avoid...

- OR schedule delays?
- Lost productivity?
- Strain to meet the needs of the OR?
- Staff overtime and priority service costs?
- Unnecessary service calls?
- Unplanned distraction?

STERIS's ProConnect Response Center is a simple and cost-effective way to increase your equipment uptime and reduce the hassle of dealing with unplanned maintenance - giving you more time to focus on your many other responsibilities.

We'll be there when something goes wrong. Count on it.

With ProConnect, STERIS technical service experts monitor your equipment performance, notify you immediately if there is an issue, including predicting future issues, and prioritize resolution of the problem – to keep you up and running.

**How many times does a sterilizer or washer go down without your knowledge?
By the time you find out, you may have an even bigger problem.**

ProConnect keeps you in control of equipment status. If your equipment alarms, you get immediate notification via e-mail.

PRIORITY 1 ALERT

Service Required

STERIS contacts you to initiate required service.

PRIORITY 2 ALERT

Service May Be Required

STERIS will contact you to determine next steps.

INFORMATIONAL PROCONNECT ALERT

Information Only

STERIS will monitor performance and will notify you if service is required.

We'll stop problems before they start. Count on it.

ProConnect is not just about reacting to equipment failures. ProConnect's advanced predictive alert capability analyzes cycle data for adverse trends so that STERIS service technicians can proactively resolve them before they result in downtime.

ProConnect uses a series of algorithms designed to monitor and analyze critical product performance and cycle data, and generates service requests that can be scheduled when it is convenient for you.

In fact, we resolve more issues on ProConnect-enabled equipment due to predictive alerts than we do field repairs!

This proactive approach keeps your equipment running at peak performance – helping increase your uptime – and your equipment lifetime.

We'll keep you informed. Count on it.

With ProConnect, you have visibility to comprehensive performance data across your installed base – at your fingertips, 24/7.

ProConnect collects the data real-time and offers a variety of reports designed to keep you informed of equipment performance including equipment uptime.

Detailed reports on equipment operation, service history, alarm detail and parts usage can be invaluable tools to improve asset utilization, process throughput, staff training and resource allocation.

ProConnect even archives your cycle tape information, making your JCAHO compliance documentation easier.

You also have the convenience of ordering parts and tracking your account history online. You can create, update and monitor service requests online as well.

ProConnect Response Center. Our customers count on it.

"ProConnect was easy to install. I get a good response from STERIS without having to lift a finger."

– Shannon Dingus, Indian Path Medical Center, Kingsport, Tennessee

"ProConnect caught a sterilizer issue before it went down, saving a cancelled surgery."

– Elinda Brown, University of Utah Hospital, Salt Lake City, Utah

"STERIS's outstanding technical service has only been enhanced by ProConnect. Phone calls for repairs have become a thing of the past."

– Leading U.S. Medical Research and Care Facility

We'll work with IT for a quick, easy and secure installation. Count on it.

We've successfully collaborated with IT staff on hundreds of ProConnect installations. The requirements are simple, the technology is proven and secure, and a typical installation only takes an hour per unit.

ProConnect-enabled STERIS equipment is no different than any other computer on your network and does not need any special connections. It is designed to work within your existing security infrastructure and is fully compliant with whatever firewalls and security policies you have in place.

To enable ProConnect, two things are needed: wired or wireless access to your ethernet network and hard drive space on a server, virtual machine or dedicated PC.

No changes to IT security

- Firewall transparent
- No changes to IT protocols or security infrastructure
- No VPN required
- Highly secure and efficient 128-bit SSL data transmission and password authentication
- Easy-to-manage user, application and device security
- Full control over access from behind the firewall
- Minimal impact on corporate network traffic
- Security features at the enterprise to control user access to the system, application and data security

STERIS SecureCare Service Solutions – from full-service maintenance & repair to labor only, there's an option that's right for you. No matter which plan you choose, ProConnect is included as a standard feature of your service agreement.

Count on STERIS service professionals to be there when you need them – throughout the life of your equipment.
